Upon request and for a fee of \$1.00 per plate, the director shall exchange such special plates for regular plates currently issued to a person who qualifies for special plates. In lieu of special plates, a person who would qualify for such plates may upon request receive without charge a decal incorporating the international accessibility symbol. The size of the decal shall be the same size as the registration decal and shall be placed on the lower right hand corner of the number plate. The decal shall be valid for as long as the number

plate to which it is affixed shall be issued to the person with such disability. In the case of special plates, such plates shall bear an appropriate legend or symbol as determined by the commissioner of safety.

Referred to Appropriations.

SB 182, relative to temporary plate refunds. Ought to Pass.

SB 182 simply legalizes what the Department of Safety has been doing for quite some time, this merely refunds the money on the unused temporary plates returned to the Division of Motor Vehicles by a bona fide dealer. Vote was 17-0. Rep. Kenneth C. Smith, Sr. for Transportation.

Rep. French moved that debate on all issues be limited to one-half hour equally divided.

Adopted.

COMMITTEE REPORTS (Regular Calendar)

Rep. Spanos moved that the words, Ought to Pass, be substituted for the committee report, Inexpedient to Legislate, and spoke to his motion.

Reps. Quimby, William Roberts, Crory and Ward spoke against the motion.

Rep. Plourde spoke in favor of the motion.

Rep. Spanos requested a roll call. Sufficiently seconded.

SB 160, relative to voluntary
sterilization and prohibition against
nonmedical qualifications. Ought to Pass
with Amendment.

This bill prohibits health facilities
which permit sterilization operations
from imposing nonmedical qualifications
upon the individual seeking the
operation. This act is not applicable
to those persons under 18 years of age;
nor does it prohibit the attending
physician from counseling the patient as
to whether or not sterilization is
appropriate. Vote was 14-5. Rep.
Margaret A. Lynch for Health and Welfare.

Amendment

Amend RSA 460:21-a as inserted by
section 1 of the bill by striking out same
and inserting in place thereof the following:

460:21-a Sterilization for Contraceptive
Purposes; Nonmedical Qualifications
Prohibited; Exceptions.

I. No health facility which permits
sterilization operations for contraceptive
purposes to be performed therein shall
require the individual upon whom such a
sterilization operation is to be performed
to meet any special nonmedical
qualifications which are not imposed on
individuals seeking other types of
operations in the health facility. Such
prohibited nonmedical qualifications shall
include, but not be limited to, age, marital
status, and number of natural children.
Health facility as used in this paragraph
means any hospital, institution or
organization which furnishes, permits or
performs sterilization operations and
wherein a licensed physician is present.

II. Nothing in this section shall
prohibit requirements relating to the
physical or mental condition of the
individual or affect the right of the
attending physician to counsel or advise his
patient as to whether or not sterilization
is appropriate. This section shall not
affect existing law with respect to
individuals below the age of majority.

III. Nothing in this section shall
interfere with the health facility's
adherence to federal regulations relative to
medicaid patients.

Amendment adopted.

Ordered to third reading.

SB 175, increasing deduction in
determining wages of certain employees.
Ought to Pass with Amendment.

SB 175 makes no change in the intent of
the law. It simply recognizes inflated
costs of meals whether purchased by the
worker or supplied by the employer.
Committee vote was 13-3. Rep. Wilfrid
Burkush for Labor, Human Resources and
Rehabilitation.

Amendment

Amend the bill by striking out section 2
and inserting in place thereof the following:
2 Effective Date. This act shall take
effect upon its passage.

Amendment adopted.

Ordered to third reading.

SB 61, authorizing towns to make
appropriations for cultural activities.
Ought to Pass.

This is enabling legislation to make it
possible for towns so desiring to
support cultural activities in
accordance with a requirement of the
Department of Revenue Administration.
Vote was 7-4. Rep. Selma R. Pastor for
Municipal and County Government.

Ordered to third reading.

SB 171, relative to the method of
filling vacancies on the Portsmouth school
board. Ought to Pass with Amendment.

This is local option for Portsmouth to

7-4. Rep. Ezra B. Mann, II for
Municipal and County Government.

Amendment

Amend section 2 of the bill by striking
out same and inserting in place thereof the
following:

2 Referendum. At the general election
to be held in the city of Portsmouth in

office shall cause to be included on the

"Shall the city of Portsmouth amend its
charter to provide for the filling of a
vacancy on the board of education by the
person receiving the next highest number of
votes at the preceding election when the
member to be replaced was a candidate,
rather than allowing the board of education
to appoint the member to fill the vacancy?"
Beneath this question shall be printed the
word "Yes" and the word "No" with a square
immediately opposite such word in which the
voter may indicate his choice. If a
majority of the voters present and voting on
the question shall signify their approval

Ordered to third reading.

SB 18, prohibiting a candidate defeated
in a primary from running as an independent
and prohibiting a person from appearing on
the ballot for different offices under
different party designations or as an
independent in the general election.
Inexpedient to Legislate.

Senate Bill, as amended by the Senate,
addressed three sections of the Law:
1. It would require all candidates for
office either primary party candidates
or petition candidates to file

seventy-five days in advance of the primary. This would prevent people dissatisfied with the choice of primary candidates to petition for other candidates;

2. Prohibit defeated primary candidates from running as an independent or candidate of another political party.

The Committee addressed this problem in an amendment to HB 30 which has passed the House;

3. The Senate amendment would prevent persons from running for different offices under different party designations. Each person now filing must sign statement he is a member of the party for which he seeks office and this section is unnecessary. After several hearings Committee voted 11-1 Inexpedient to Legislate. Rep. Natalie S. Flanagan for Statutory Revision.

Resolution adopted.

SB 74, relative to the authority to levy tolls on the eastern New Hampshire turnpike, the central New Hampshire turnpike, and the New Hampshire turnpike system. Inexpedient to Legislate.

The Transportation Committee feels that the Governor and Council has handled the supervision of the toll system satisfactorily since 1950 and that there is no reason to change. Vote was 8-7. Rep. Kenneth C. Smith, Sr. for Transportation.

Resolution adopted.

SB 91, relative to OHRV use of bridges in certain cases. Majority: Ought to Pass with Amendment. Minority: Ought to Pass.

MAJORITY: This bill, as amended, authorizes the Commissioner of Public Works and Highways to issue a permit to the Bureau of OHRV to operate on or across certain bridges of Class I, II and III highways when such operation is necessary for gaining access to events being held in conjunction with established OHRV club activities. Vote was 7-3. Rep. Edwin L. Waters for Majority of Transportation.

MINORITY: The amendment prevents the Director of the Bureau of OHRV from applying for permits to cross certain bridges as part of new trails or existing trails. Reps. W. Murray Clark and Frederick J. Domini for Minority of Transportation.

Amendment

Amend RSA 269-C:3, VIII as inserted by section 1 of the bill by striking out said paragraph and inserting in place thereof the following:

VIII. The bureau may make application to the commissioner of public works and highways for a permit in writing to allow OHRVs to operate on or across certain bridges of Class 1, 2 and 3 highways when such operation is necessary for gaining access to events being developed or held in conjunction with established OHRV club activities. The commissioner of public

works and highways may issue or deny such permits. A permit shall specify the type of OHRVs to be allowed, the permitted dates and hours of operation, and shall require the bureau to erect and maintain all signs required under the terms of the permit. Any person operating an OHRV on or across a bridge under this paragraph shall do so at his own risk. Said person shall keep to the extreme right side of the bridge, travel at a speed not to exceed 10 miles per hour and shall yield to all oncoming vehicular traffic.

Amendment adopted.

Ordered to third reading.

SB 44, requiring the reporting of critical health problems. Inexpedient to Legislate.

The Committee found this bill inexpedient because it was felt that it is unnecessary legislation and the reporting of diseases is already being done. Vote was 9-5. Rep. Helen F. Wilson for Health and Welfare.

Rep. Copenhaver moved that SB 44 be recommitted to the Committee on Health and Welfare and spoke to her motion.

Adopted.

Recommitted to the Committee on Health and Welfare.

SB 245, relative to funding Portsmouth's solid waste disposal facility. Ought to Pass.

In view of today's solid waste disposal problems in larger municipalities it is essential that we do all we can to help with this problem. Vote was 11-0. Rep. Beverly A. Gage for Municipal and County Government.

Rep. Beverly Gage yielded to questions. Ordered to third reading.

SB 52, relative to the reduction of an employer's lien under workmen's compensation in settlement with third parties. Inexpedient to Legislate.

The Committee felt the bill was poorly written with no specific guidelines for the Commissioner or Superior Court. Bill would allow for double compensation. We do have a good Workmen's Compensation Law that works to benefit injured worker. Committee vote was 14-0. Rep. Avis B. Nichols for Labor, Human Resources and Rehabilitation.

Rep. Reidy spoke against the committee report.

Rep. Robert Wheeler moved that SB 52 be recommitted to the Committee on Labor, Human Resources and Rehabilitation.

SB 100, providing for the regulation of water treatment plant operators and water distribution system personnel. Ought to Pass with Amendment.

This bill establishes a certification process for the regulation of water treatment plant operators and water distribution system personnel that protect your drinking water. Amendment

Amend RSA 332-E:2 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

332-E:2 Advisory Committee Established. There is hereby established a 5 member advisory committee composed of the executive director of the commission, or his designee, and 4 other members, 2 of whom shall be appointed by the governor and council from a slate of at least 5 nominated by the board of directors of the New Hampshire water works association. The board of directors, in making such nominations, shall show due regard for the need to represent large and small systems. The other 2 members shall be appointed by the governor and council from outside the water works industry, shall have a demonstrated interest in water supply matters, and shall represent consumers. One of such members shall be a resident of a community with a population of not more than 5,000 persons having a public water system. Of the initial appointments from the New Hampshire water works association, one such initial appointment shall be for 3 years and one for one year. Of the initial consumer appointments, one such initial appointment shall be for 4 years, and one for 2 years. Each appointed member shall hold office until his successor shall be appointed and qualified. The committee, by a majority vote, shall elect annually a chairman and secretary. A quorum shall consist of any 3 members, and the committee shall meet at least quarterly and at such other times as necessary, upon call of the chairman. All appointive members shall receive no compensation for their services but shall

receive necessary traveling and other expenses while engaged in actual work of the commission.

Amend RSA 332-E:7 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

332-E:7 Certificates Without Examination. Certificates of proper classification may be issued without examination to a person or persons certified by the owner of the water system to have been in charge of the water treatment plant or distribution system on the effective date of this chapter. Such certificate shall be valid for a period of 2 years from the effective date of this chapter only for that water treatment plant or distribution system. This certificate may thereafter be renewed annually. Applications under this section shall be submitted not later than 90 days before the effective date of this chapter.

Amend RSA 332-F:8 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

Amend RSA 332-E:10 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

332-E:10 Penalty. No water treatment plan or water distribution system shall be operated without a certified operator in charge unless exempted by the commission as provided in RSA 332-E:3, III. The owner of any water treatment plant or water distribution system shall be liable for a civil forfeiture of not more than \$500 per day for any violation of this chapter. The proceeds of any civil forfeiture levied under this section shall be utilized for the implementation of this chapter.

(Speaker in the Chair)

SB 28, relative to absentee voting by certain persons. Inexpedient to Legislate. Senate Bill 28 would change procedure regarding absentee voting. The majority of the Committee feels there are adequate provisions in present law to cover in hospitals and nursing homes since the town or city clerk can deputize people to handle absentee ballots. Vote was 10-3. Rep. Natalie S. Flanagan for Statutory Revision.

Resolution adopted.

SB 35, relative to financial disclosure for all elected and appointed officials in the state of New Hampshire. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The Majority of the Committee agreed that it is an unreasonable invasion of privacy to require elected and appointed officials to declare all of their personal sources of income and all capital assets including stock and real estate holdings and that many qualified people will not seek office if this is required. The majority also had concerns regarding the constitutionality of this requirement and recommends Inexpedient to Legislate. Vote was 8-5. Rep. Natalie S. Flanagan for Majority of Statutory Revision.

MINORITY: This bill would require elected and appointed officials at all levels of government - from the Governor to the town fence-viewer - to disclose their personal sources of income and capital assets, but not amounts. The President of the Senate, as the prime sponsor of this legislation received bipartisan support in the passage of this bill in the Senate. The Statutory Revision subcommittee studied the issue thoroughly and reported out an amended version unanimously as Ought to Pass with Amendment. The amendment was passed by the full Committee, but the motion for Ought to Pass with Amendment failed.

The amendment would require all elected and appointed officials at the state and county level to disclose personal income sources and capital assets. An additional provision has been added giving the legislative body of a town or city the option of adopting an ordinance requiring disclosure of sources of income and capital asset holdings to the degree as the city or town shall specify in the ordinance, thus leaving income disclosure at the city and town level to local determination - the essence of home rule.

The subcommittee's amendment will be offered as a floor amendment. The House is already on record as favoring the principle of giving the public an opportunity to determine whether conflicts of interest exist on legislation and administrative rule making. Therefore, the minority requests your support on this legislation. Reps. Robert A. Vaughan, Robert W. Day, Harold L. Rice, Rick G. Newman and Henry L. Naro for Minority of Statutory Revision.

Rep. Vaughan moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, spoke to his motion, and yielded to questions.

Reps. Randall, Hartford, Coutermarsh, Plourde and Kenneth Smith spoke against the motion.

Reps. Woodman and Morrison spoke in favor of the motion.

Reps. Newman and Bodi spoke in favor of the motion and yielded to questions.

Reps. Wiggins and French spoke against the motion and yielded to questions.

Rep. Buckman requested a roll call. Sufficiently seconded.

SB 161, authorizing towns and precincts to levy betterment assessments against real property owners in areas originally developed on a private basis. Ought to Pass.

The amendment divides the two issues in the original bill and preserves the right of the Supreme Court to administer the Supreme Court Building, while leaving library management with the librarians. Vote was 9-0 in favor of SB 210 as amended. Rep. William A. Riley for State Institutions.

Amendment

Amend RSA 490:25 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

490:25 Powers and Duties Relative to the Law Library. In addition to the other powers, duties and responsibilities provided by law, the supreme court may:

I. Notwithstanding the provisions of RSA 201-A:9, I, make all necessary rules and regulations for the proper control and use of the law library within the supreme court building authorized pursuant to RSA 201-A:2, II, after agreement with the state librarian;

II. Receive and accept at any time such sums of money as may be donated for the purpose of purchasing books or other supplies or facilities for the law library; and money so received shall be converted

into a continuous fund or funds which shall not lapse; to be held by the state treasurer from which payments shall be made in accordance with the stipulations of the donor, upon warrant of the governor and council for such purposes as are approved by the supreme court;

III. With the agreement of the state librarian, enter into any agreement or compact with any other state or states, with the United States, and with library trustees, law schools and other agencies, public and private, for the purpose of improving law library facilities and services on the basis of mutual advantages and thereby providing more efficient or economical law library service and for the purpose of facilitating the use of law materials;

IV. Receive, accept and administer any money granted by the federal government or other agencies, private or otherwise for providing, equalizing, or strengthening a law library service in New Hampshire including computerization of its services. Any gift or grant from the federal government or other source as hereinbefore provided shall be deposited in the state treasury and credited to a special fund which shall be continuous and shall not lapse.

Vote was 10-3. Rep. Edwin L. Waters for Transportation.

COMMITTEE REPORTS (Regular Calendar)

SB 42, revising the pharmacy laws. Ought to Pass.

Senate Bill 42 updates the pharmacy law by revising certain definitions and further modernizes the law relating to prescribing and labeling of drugs. Provision is made for notice and hearing, with appeal, before a pharmacist's registration may be suspended or revoked. Vote was 11-5.
Rep. Claire Plomaritis for Commerce and Consumer Affairs.

Ordered to third reading.

SB 208, amending the land sales full disclosure act and the condominium act. Inexpedient to Legislate.

The majority of the Committee feels that the testimony for the bill was weak and that lotteries of this type are good for the economy and the consumer as it will help the consumer in learning about the time sharing or vacation plan that he ordinarily would not hear about. The majority also feels that sections 1 and 2 which deal with full disclosure condominiums and land sales is now a statute. The Secretary of State's Office would lose the fee of \$25.00 per

application. Vote was 13-3. Rep. George H. Baker, Sr. for Commerce and Consumer Affairs.

Rep. McLane moved that the words, Ought to Pass, be substituted for the committee report, Inexpedient to Legislate, and spoke to her motion.

Rep. Wood spoke against the motion and yielded to questions.

SB 34, establishing a study commission for an impact survey on the removal of advertising devices and making an appropriation therefor. Majority: Ought to Pass with Amendment. Minority: Inexpedient to Legislate.

MAJORITY: The bill, as amended, provides for a study to be conducted by six legislators (3 Senators and 3 Representatives) and the heads of two state agencies; purpose of study to determine the impact on State business of removal of outdoor advertising devices. The Committee shall seek guidance, advice and input from all New Hampshire business activities which have an interest in outdoor advertising devices, and depend largely upon them for their well-being. The bill also prohibits removal of legally erected outdoor signs, until all legally erected non-conforming signs have been removed. The bill is an answer to pressure from the federal government's campaign for removal of outdoor advertising devices

from highways constructed with federal funds. Committee vote was 9-2. Rep. Richardson D. Benton for Majority of Legislative Administration. MINORITY: Committees have historically retained a balance of House members being greater than the Senate. Although it is claimed both chambers of the General Court are co-equal, the Senate referred to as the upper chamber, has repeatedly endeavored to change this tradition. The two are not co-equal, the House members (400) represent approximately 2,200 citizens, whereas the Senate members (24) represent four times that number. It is also designated in the State Constitution, Article 8 that each body performs different functions, Article 8 refers to revenue measures originating in the House, not in the Senate. Rep. James J. White for Minority of Legislative Administration.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Commission Established. There is hereby established a commission to study the economic impact of the removal of outdoor advertising devices which advertise tourist related businesses. Said commission shall consist of 3 members of the senate appointed by the president of the senate, 3 members of the house appointed by the speaker of the house, the commissioner of public works and highways or his designee, the commissioner of resources and economic development or his designee. The commission shall appoint a chairman from its members and shall meet as often as they deem necessary and the legislative members shall receive legislative mileage. The commission shall seek the advice, guidance, expertise and recommendation from the tourist industry, from organized labor, the hotel and motel industry, outdoor advertising industry, restaurant industry, ski industry and the public attractions industry. The commission shall investigate the economic impact of the removal of directional or tourist oriented outdoor advertising devices or signs on industry, labor, and the public in general, and shall in conducting said study be mindful of section 131.0 of title 213 of the United States code. Said commission shall report its findings and recommendations to the president of the senate and the speaker of the house prior to the next regular session of the general court. Pending the completion of said study and the acceptance of the commission's report by the next general court, the department of public works and highways is hereby directed not to remove any outdoor advertising signs or devices lawfully erected unless all other legally erected nonconforming signs have been removed.

Amendment adopted.

Rep. James J. White offered an amendment.

SB 67, relative to fluoridation referendums. Ought to Pass with Amendment. Senate Bill 67, as amended would prevent referendums on fluoridation questions more often than every three years. SB 253, relative to the area of operation of the New Hampshire housing commission. Inexpedient to Legislate.

SB 249, relative to auditing and program review requirements of the sunset law. Ought to Pass with Amendment.

SB 243, relative to the message on weight limit posting signs. Ought to Pass with Amendment.

This bill, as amended, brings the State of New Hampshire into conformity with the federal sign guide yet allows latitude to the selectmen of our towns as to the phraseology of the "Load Limit Signs" on highway bridges. Vote was 17-0. Rep. Guv J. Fortier for Public Works.

Amendment

Amend RSA 263:61, XII as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

XVI. It shall be the duty of the commissioner of public works and highways to cause signs to be erected at both ends on the right side of or overhead on all bridges or other structures under his jurisdiction stating the capacity in tons of 2,000 pounds which the bridge or other structure will safely carry. For all other bridges or other structures it shall be the duty of the authority having jurisdiction to place similar signs.

The signing message for posting of weight limits for bridges and structures shall read as follows:

WEIGHT
LIMIT
X
TONS

If the authority determines that a bridge or other structure may safely carry loads greater than this limit by vehicles with 3 or more axles, the signs shall read as follows:

GROSS WEIGHT LIMIT
X TONS OR
Y% OF LEGAL LOADS

X is the numerical value that equals the posted maximum legal gross weight limit for a 2 axle vehicle. Y% is the numerical value expressed as a percentage of the maximum legal gross weight limit of any single axle or tandem axle, and the combined gross weight limit of any 3 axle truck or any 3, 4, or 5 axle tractor trailer as noted in RSA 263:61. Where no special permit loads are allowed the signing message for posting shall read as follows:

NO PERMIT LOAD
LEGAL LOADS MAXIMUM

Upon bridges or other structures of sufficient strength to carry safely the legal loads permissible by this section, no such signs shall be required.

SB 118, relative to liquor licenses for on-premises catered functions. Ought to Pass with Amendment.

Such special license shall permit the licensee to serve liquor and beverages with or without meals to members of a private party in any room of said on-site catering facility designated by the commission. Licenses shall be granted only to such caterers as the commission, at its discretion, shall approve and then only to such caterers as can show the commission on forms and under rules prescribed by the commission that at least 50 percent of their combined food and liquor and beverage sales shall fall within the category of food. Said caterers shall notify the commission not less than 5 days in advance of a function specifying date and time when a function is scheduled. The commission may grant, regulate, suspend or revoke said special license without affecting any other license and permit which shall be granted to said restaurant. The fee for such special license shall be \$525 per year.

SB 89, instructing the commissioner of resources and economic development to erect a commemorative marker at the Nansen Ski

Jump in honor of Alf Halverson. Ought to Pass.

Vote was 11-0. Rep. Philip C. Heald, Jr. for Resources, Recreation and Development.

COMMITTEE REPORTS
(Regular Calendar)

SB 173, providing for mandatory continuing education for persons holding licenses as certified public accountants. Majority: Ought to Pass with Amendment.

Minority: Inexpedient to Legislate.

MAJORITY: A preponderance of testimony in support of this legislation by all segments of the profession and other sources, with no opposition whatsoever, the majority of the Committee feels that the best interest of the public would be served if this legislation were passed. Vote was 10-6. Rep. Claire Plomaritis for Majority of Commerce and Consumer Affairs.

MINORITY: Before mandatory continuing education for accountants is legalized, the minority feels advocates of such legislation should document incompetency by accountants. The Board of Accountants has not removed any licenses for improper practices in several years. Support for this bill came from the New Hampshire Society of Certified Public Accountants who offer courses on a voluntary basis and now wish to require attendance at their courses. The additional expense for mandated courses is passed on to the consumer and this mandated expense does not guarantee increased competence. Reps. Elizabeth L. Corv and Thomas W. Hynes for Minority of Commerce and Consumer Affairs.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

providing for continuing education for persons holding certificates, licenses or registrations under RSA 309-A:3, 309-A:8 and 309-A:10.

Amend RSA 309-A:11 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following: 309-A:11-a Continuing Education. Notwithstanding the provisions of RSA 309-A:11, no applicant for an annual permit, under the age of 55 years, shall be entitled to receive the same unless he shall have completed 40 hours of continuing education acceptable to the board of accountancy; provided, however, that an applicant may carry forward to the succeeding year excess hours of continuing education up to a maximum of 20 such hours. Each applicant

shall present to the board proof of successful completion of each continuing education course attended. For the purposes of this section, "hours of continuing education" shall mean only course hours including professional seminars, correspondence courses, or equivalent conducted under the guidance of the national and state accounting professional organizations and shall not include hours devoted to preparation. The board shall appoint an equal number of persons from professional accounting organizations and members from the public to serve on a continuing education committee to assist in carrying out the provisions of this section and the board shall make reasonable rules and regulations to administer the provisions of this section in accordance with RSA 541-A. For good cause shown, the board may waive the requirements of this section.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Implementation. The continuing education requirements of RSA 309-A:11-a as inserted by section one of this act shall apply to all applicants for annual permits with respect to permits issued on or after July 1, 1980.

Amendment adopted.

Rep. Pucci moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass with Amendment, and spoke to her motion.

Reps. Plomaritis, McLane, Paul Riley, Lyons and Plourde spoke against the motion.

Reps. Christy, Hill and Crory spoke in favor of the motion.

CACR 12, relating to initiative petition. Providing that the constitution and statutes may be amended by initiative petition. Inexpedient to Legislate.

Committee believes in representative government. Four hundred representatives are elected and reelected every two years by the people. There is no evidence that any amendment favored by the people failed to get a fair hearing in the New Hampshire Legislature. Vote was 11-3. Rep. Joseph M. Eaton for Constitutional Revision.

Resolution adopted.

SB 159, relative to workmen's compensation claims in certain cases. Refer to the Committee on Labor, Human Resources and Rehabilitation for Interim Study.

Committee vote was 11-5 to have further study done on this measure, regarding the evaluation of pain by a medical panel of three doctors on workmen's compensation cases after a six-month period. A recent Supreme Court ruling regarding cessation of workmen's compensation benefits on the basis of pain, requires the measure as drafted to have further study. Rep. SB 165, establishing an interim highway planning committee and making an appropriation therefor. Inexpedient to Legislate.

The Committee felt the study of the 10-year highway protection plan was not practical based on the extreme changes in energy, inflation, as well as the uncertainties in federal funding. It is difficult enough to project a five-year plan which is already in existence. Vote was 8-4. Rep. Marshall French for Legislative Administration.

Resolution adopted.

SB 132, authorizing the construction of a seacoast liquor store. Ought to Pass with Amendment.

This bill authorizes the construction of a State liquor store in the seacoast area and the sale of land presently owned by the State in the Town of Hampton Falls. Vote was 10-7. Rep. Noreen D. Winkley for Public Works.

Amend the bill by striking out section 5 and inserting in place thereof the following:

SB 23, establishing the New Hampshire civic and sports facilities authority as a body politic and corporate for the purpose of acquiring, constructing, furnishing, equipping, owning, improving, operating, maintaining and financing civic and sports facilities complexes, and making an appropriation therefor. Inexpedient to Legislate.

The Committee acknowledges the desirability of a privately financed sports and civic center for the State of New Hampshire. However, the bill would create an authority with unprecedented powers without establishing responsibility for its actions. Further, although the bill purports to create said authority as having a legal existence separate from the State, there are provisions throughout that seem to generate State involvement and that do not make clear what the effect would be on the State's liability. Committee vote was 14-0. Rep. Lee Anne S. Steiner for Resources, Recreation and Development.

Resolution adopted.

Rep. Spirou moved that SB 23 be Indefinitely Postponed. Adopted.

SB 223, authorizing Nathaniel Hawthorne College to grant the master of business administration degree. Ought to Pass with Amendment.

Rep. William Boucher moved that SB 223 be recommitted to the Committee on Education and spoke to his motion. Adopted.

SJR 1, establishing the small business

development program of the University System of New Hampshire as the coordinating agency of educational activities directed toward assisting and encouraging the expansion of the small business sector of the economy of the state of New Hampshire and for other purposes and making an appropriation therefor. Ought to Pass.

SJR 1 acknowledges the University System of New Hampshire's effort to develop a small business development program. It proclaims a partnership of State government, the university system and private enterprises in expanding and assisting small businesses and establishes the small business development program of the university system as the coordinating agency for educational activities directed at expansion of the small business sector of the economy. The resolution appropriates \$150,000 to be matched by federal or private funds during fiscal 1980-81 for these activities. Vote was 10-0. Rep. Betty Jo Taffe for Education.

Adopted.

SB 233, establishing the position of
assistant to the commissioner of the
department of resources and economic
development and eliminating the position of
travel research analyst. Refer to the
Committee on Executive Departments and
Administration for Interim Study.

This bill creates a new non-classified
position, that of Assistant to the
Commissioner of Resources and Economic

Development. There is no job
description and without this information
the scope of the job is unexplained.
Study will determine whether this job is
an administrative one or might be one
requiring deputy status. Vote was
14-0. Rep. Nancy E. Bavbitt for
Executive Departments and Administration.

SB 148, relative to the benefits of
certain employees of supervisory unions.
Ought to Pass.

The bill will clarify the existing
employment status of supervisory unions,
superintendents, assistant
superintendents, business administrators
and teacher consultants as employees of
the supervisory unions.

The current law does not specify who the
employer of such personnel is, that of
the New Hampshire Department of
Education or the Supervisory Union in
which they work. It has caused problems
with the responsibility in workmen's
compensation claims.

Under this bill the Supervisory Union
would be responsible for insurance and
retirement benefits of such designated
personnel.

The Department of Education asked for
the introduction of this bill and the
situation needs clarification for new
contracts. Vote was 15-0. Rep. Thomas
Stylianios for Labor, Human Resources and
Rehabilitation.

Referred to Appropriations.

SB 65, establishing a committee to study
the state planning and zoning statutes and
making an appropriation therefor. Ought to
Pass with Amendment.

Allows a much needed survey of present
laws to be accomplished and a
publication of existing statutes dealing
with regional planning so the public may
be advised. Vote was 12-0. Rep. Paul
I. LaMott for Legislative Administration.

Amendment

Amend the bill by striking out section 1
and inserting in place thereof the following:

1 Study Committee Established. There
is hereby established a study committee of 7
members to review the existing zoning and
planning statutes of the state and to make
recommendations to the general court. Said
committee shall prepare proposed legislation
incorporating its recommendations and shall
submit the same to the next regular
session. The committee shall have full
power and authority to require from the
several departments, agencies and officials
of the state and the political subdivisions
of the state, such information and
assistance as it may deem necessary for the
purposes hereof. In addition, the committee
may hire such legal, clerical and technical
assistance as it may find necessary within
the appropriation therefor. The members of
the committee shall be as follows: 3
members of the senate appointed by the
president of the senate; 3 members of the
house of representatives appointed by the
speaker of the house; and the director of

the office of state planning, or his designee. The committee shall seek the advice, guidance, expertise and recommendation from the Home Builders Association of New Hampshire, the New Hampshire Municipal Association, the New Hampshire Planners Association and anyone else whom the committee deems necessary. Members of the committee shall select a chairman and vice-chairman among its members at its first meeting. Members shall receive no compensation for their services; provided, however, the legislative members shall receive legislative mileage and all other members shall receive the same mileage as state employees. The committee shall meet as often as it deems necessary in such places as it shall determine. The committee shall file a report together with any proposed legislation on or before March 1, 1981 to the general court.

Referred to Appropriations.

SB 222, establishing a study committee on the definition of residency. Ought to Pass with Amendment.

Amendment adds two persons appointed by the President of the New Hampshire Municipal Association and the Chairman of the Ballot Law Commission or his designee. Vote was 15-0. Rep. Edna Pearl F. Parr for Legislative Administration.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Committee Established. There is hereby established a committee to study the definition of residency as used in the statutes and to attempt to develop a uniform and comprehensive definition thereof. Said committee shall consist of 3 members of the senate appointed by the president, 3 members of the house of representatives appointed by the speaker, 2 persons representing local government appointed by the president of the New Hampshire Municipal Association, the chairman of the ballot law commission or his designee, the attorney general or his designee and the secretary of state or his designee. The committee shall select one of its members as chairman and shall meet as often as may be necessary in order to make a thorough study of the use of the term residency in the statutes. Said study shall include a study of residency, domiciliary, and inhabitant status requirements and shall consider the possibility of developing a uniform phraseology. The committee shall submit its report, together with a draft of any proposed legislation to the next regular session of the general court no later than January 15, 1981. The nonlegislative members of the committee shall be entitled to mileage as paid to state employees when performing duties in connection with the committee and the legislative members shall receive legislative mileage in connection with their duties on the committee.

SCR 9, memorializing the United States Congress to reject amendments to the McCarran-Ferguson Act. Ought to Pass.

There is a move afoot in Washington to amend the federal law in such a way as to limit the states' regulation of the insurance industry. The Committee believes that the several states do outstanding and innovative work in this area of regulation and, therefore, there is no justifiable reason to vest that regulatory authority in the federal government. This would be an unnecessary and unwelcome intrusion of the federal government into the prerogatives of the states. This resolution would so inform the Congress and the Committee voted 8-0. Rep. George B. Roberts, Jr. for State-Federal Relations.

SB 188, concerning listing names of candidates on certain primary ballots. Ought to Pass.

Senate Bill 188 requires the names of all candidates for the same office on any primary ballot to be listed in the same row in a vertical position. Testimony indicated problems with candidates' names being overlooked when they were in different rows. Unanimous vote (10-0) of Committee. Rep. Natalie S. Flanagan for Statutory Revision.

SB 240, relative to the criteria for establishing tolls on the New Hampshire turnpike systems. Ought to Pass.

This bill changes the criteria for establishing tolls on the Central and Eastern Turnpike and puts them under one umbrella. The tolls from the turnpikes are to be sufficient in the aggregate to pay operating expenses and maintenance costs and debt service. This legislation is recommended by the State's bonding counsel to eliminate the necessity of covenant in State Turnpike Bonds under current Internal Revenue Service Regulations relating to the issuance of tax free bonds. Vote was 15-0. Rep. Kenneth F. Stockman for Transportation.

SB 266, relative to increasing the tandem axle limit for 5 axle tractor semi-trailers. Ought to Pass.

Will enable flexibility in loading five axle combinations of tractor trailers. Savings in fuel and expenses of operating will result. We have allowed 36,000 pounds on tandem axles for years (since 1956), and now we are applying it to tandem axle trailer combinations. Vote was 15-0. Rep. W. Murray Clark for Transportation.

COMMITTEE REPORTS (Regular Calendar)

SB 86, removing the deputy of any department or agency which receives federal grants-in-aid from the classified state service. Ought to Pass with Amendment.

The Committee feels that some study should be done regarding the appointment of and terms of office of department heads and deputy department heads. The amendment would set up a study committee to make recommendations and propose

legislation for the next session. The Committee will consider making the procedure consistent after reviewing management functions, extent of authority and responsibility, etc. Vote was 11-1. Rep. Stuart D. Trachy for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

removing the deputy of any department or agency which receives federal grants-in-aid from the classified state service and establishing a committee to study the appointment procedures and terms of office of all department heads and deputies.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Committee Established. There is hereby established a committee to study the appointment procedures and terms of office of all department heads and deputy department heads and to make recommendations accordingly. Said committee shall consist of 3 members of the house executive departments and administration committee appointed by the speaker of the house; 3 members of the senate executive departments, municipal and county government committee appointed by the president of the senate; and 3 members appointed by the governor. The committee shall select one of its members as chairman and shall meet as often as may be necessary in order to make a thorough study and finalize a report of recommendations. The committee shall submit its report, together with a draft of any proposed legislation to the next regular session of the general court no later than January 1, 1981. The nonlegislative members of the committee shall be entitled to mileage as paid to state employees when performing duties in connection with the committee and the legislative members shall receive legislative mileage in connection with their duties on the committee.

3 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Referred to Appropriations.

SB 234, relative to the effective date for certain state agency rules. Ought to Pass with Amendment.

The bill, as amended, will allow rules which must become effective before the present twenty day period due to federal mandate or court citation to become effective when the federal mandate or court citation is filed in the Office of Administrative Procedures. Vote was 14-0 on passage with amendment. Rep. Zoe Vrakatis for Executive Departments and Administration.

Amendment

Amend RSA 541-A:4, II (c) as inserted by section one of the bill by striking out same

and inserting in place thereof the following:

(c) if an earlier date is required by federal law, state law or by a controlling judicial decision, and if a citation to such law or decision is filed, the earlier date shall be the effective date.

Amendment adopted.

Ordered to third reading.

Rep. French requested a quorum count. The Speaker declared a quorum present.

SB 63, expanding the scope of the practice of optometry to permit the use of drugs for diagnostic purposes. Majority: Refer to Committee on Health and Welfare for Interim Study. Minority: Ought to Pass.

MAJORITY: Because of the implications and complexities of this bill, the Committee's Subcommittee recommends that this bill be sent to Interim Study. One week was too minimal a time period to even begin to find out what the impact of a law such as this would be. Vote was 13-2. Rep. James B. Craig for Majority of Health and Welfare.

MINORITY: This bill provides a necessary tool for the proper performance of services now rendered by optometrists in accordance with the law. Further delay would unnecessarily prevent adequate eye care for many of our citizens. Reps. Eugene S. Daniell, Jr. and Fred F. Murray for Minority of Health and Welfare.

Rep. Murray moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Refer to the Committee on Health and Welfare for Interim Study, spoke to his motion and yielded to questions.

Reps. Craig, Pucci, Chase, Bayhutt, Lynch, Yvette Chagnon, Farnham and Lyons spoke against the motion.

Reps. Parr, Joseph MacDonald, Kashulines, Marilyn Campbell and Spirou spoke in favor of the motion.

Reps. Carpenito and Morgan spoke against the motion and yielded to questions.

Reps. Dickinson and Daniell spoke in favor of the motion and yielded to questions.

Rep. Snell moved the previous question. Sufficiently seconded. Adopted.

Rep. Parr requested a roll call. Sufficiently seconded.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

In order to insure that cost containment efforts do not jeopardize patient health or safety the division of welfare cost incentive plan shall not be applied to facilities which are not in substantial compliance with NEW certification and state standards.

Whereas, we continue to support the principle that the local populace retain local control over matters of local governmental interest; and

Whereas, concerned citizens of New Hampshire seek to retain the existing freedoms from undue governmental interference in the conduct of their lives; and

Whereas, it is deemed worthy to re-examine the various methods of financing all levels of government in New Hampshire to determine if the tax structure permits the state and local governments to remain an efficient and effective provider of basic services to the citizenry;

(a) To study available revenue sources for all levels of government, including but not limited to the state and its political subdivision;

(c) To study and evaluate the available revenue source with respect to the burden each places on the population, the ease and

efficiency of administration, and the rate of return of governmental services to each city, town or other unit of government, based on tax revenues raised therein; and

(d) To report and recommend concerning legislation which would best meet the needs and goals of the citizenry with respect to taxation and government.

SR 180, relative to the city of Manchester and certain election requirements. Inexpedient to Legislate.

This bill as written would address two sections of the law. The first would exempt Manchester from holding a session for the correction of the checklist on the third Tuesday next preceding the day of election for at least two hours between 6:00 and 9:00 p.m. and the Committee agrees with the Secretary of State it would be a bad precedent to set any exemptions on a statewide ruling. The second part of the bill addressed a problem created by computerized voting which is the Ballot Law Commission's jurisdiction. Vote was 9-1. Rep. Natalie S. Flanagan for Statutory Revision.

Resolution adopted.

SB 254, requiring the reporting of petroleum inventories and expected deliveries at primary storage facilities in the State of New Hampshire. Ought to Pass with Amendment.

The majority agreed that this bill will provide the Governor's Council on Energy and other appropriate State officials with an early warning capability to detect potential shortfalls of petroleum supplies. Vote was 9-7. Rep. Lorine M. Walters for Transportation.

Amendment

Amend RSA 339-D:2, 3 and 4 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

339-D:2 Duty of Governor's Council on Energy. The director of the governor's council on energy shall have the authority to collect and keep on file inventory and product delivery data as delineated by RSA 339-D:3 from persons owning or leasing petroleum product primary storage facilities.

339-D:3 Inventory Reporting.

I. Upon request of the director of the governor's council on energy, any person owning or leasing petroleum product primary

storage facilities shall file a report on the first and fifteenth calendar days of each month or on the first working day thereafter with the director setting forth an inventory of petroleum stored at and expected to be delivered to the facilities. The director shall provide a form for the recording of the information, which form shall require the following information:

(a) The total inventory of each petroleum product stored at the facilities; such inventory shall be made within 3 days prior to the reporting date;

(h) The anticipated quantity of each petroleum product to be delivered to the facilities within 15 days after the reporting date; and

(c) Any other delivery data the director considers necessary.

II. All reports filed pursuant to this section shall be an exempt record and confidential pursuant to RSA 91-A:5, IV, and shall be maintained for the sole and confidential use of the director of the governor's council on energy, except that the reports may be disclosed to the appropriate energy agency or department of another state with substantially similar confidentiality statutes or regulations with respect to such reports.

339-D:4 Remedies; Enforcement.

I. If any person, in violation of the provisions of this chapter, knowingly fails to file complete and accurate reports with the director of the governor's council on energy, the director may petition the superior court for injunctive relief. The director shall be represented by the attorney general. Such petition may be filed in the superior court of the county in which the defendant resides, or if such defendant is a non-resident, in the superior court of any county in which he does business.

II. Upon a finding by the court that a violation of this chapter has occurred, the court may grant such relief as it deems necessary and, in addition, may impose a fine of an amount not exceeding \$5,000 for each violation.

SR 98, relative to the maintenance of probation department funds in an interest bearing account and appropriating the interest therefrom. Ought to Pass.

This bill, which was requested by the Probation Department, directs the Department to invest its operational funds in short term interest bearing accounts. It is anticipated that the State will realize \$40,000 a year in interest income from this bill. The vote was 13-0. Rep. Bruce C. Rounds for Ways and Means.

Referred to Appropriations.

SUSPENSION OF RULES

Rep. French moved that the Rules be so far suspended as to permit consideration at the present time of a committee report on SB 239, relative to exemptions from the interest and dividends tax, without the required two-days notice in the Calendar.

Adopted by the necessary two-thirds.

COMMITTEE REPORTS (cont.)

SB 239, relative to exemptions from the interest and dividends tax. Inexpedient to Legislate.

SB 239 is an effort to force New Hampshire residents to transfer all their savings to New Hampshire banks by removing the interest and dividends exemptions including those for blind, disabled and elderly. If all this income were transferred the state and cities and towns would lose incalculable amounts of revenue. Further, not only is the bill of doubtful constitutionality but it smacks of using the tax statutes of New Hampshire for competitive or economic benefit to a certain segment of New Hampshire business at the expense of its citizens. Vote was 13-0. Rep. Jean R. Wallin for Ways and Means.

Resolution adopted.

HR 6, relative to the harassment and treatment of United State citizens in Iran. Inexpedient to Legislate.

The Committee vote was unanimous. While the Committee recognizes the importance of worldwide human rights and the need to protect the safety of United State citizens abroad, this particular resolution does not adequately address this concern nor provide a concrete solution to further violations of the principals it espouses. Rep. Susan McLane for State-Federal Relations.

Committee report adopted.

The Joint Rules Committee having approved their introduction, under Joint Rule 12, Rep. French offered the following:

RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 880, 881 and 882 shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

SB 56, allowing state employees who are members of the employees' retirement system of the state of New Hampshire to become members of the New Hampshire retirement system. Ought to Pass.

This bill simplifies the system as it exists and allows those persons in the old system to be covered under the unified new system. Vote was 11-0. Rep. Maura Carroll for Executive Departments and Administration.

SB 44, requiring the reporting of critical health problems. Ought to Pass with Amendment.

The Committee felt that the reporting of Reye's syndrome was vitally important for statistical information and also for increasing the awareness of the condition. Vote was 16-0. Rep. Marion L. Copenhaver for Health and Welfare.

Amendment

Amend RSA 141-A:2, I (c) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(c) A disease, condition, or procedure relating to public health which is determined by the director, with the advice and consent of the health and welfare advisory commission, to be of particular concern or importance as a critical health problem in this state, being in need of greater research, study and statistical analysis.

SB 206, revising certain laws relating to bicycles. Inexpedient to Legislate.

The existing statutes are very similar to the ones covered in this bill and the Committee feels that it is unnecessary at this time. Vote was 10-3. Rep. Elmer H. York for Transportation.

COMMITTEE REPORTS (Regular Calendar)

SB 33, to include licensed pastoral counselors in the category of services authorized under minimum mental illness

coverage under major medical and non-major medical accident and health insurance.

Majority: Ought to Pass. Minority: Inexpedient to Legislate.

MAJORITY: This bill will allow persons already paying for minimum mental illness coverage the additional choice of licensed pastoral counselors for authorized payment. Presently, there are ten licensed pastoral counselors who are highly trained and offer skilled mental therapy. The bill contains provisions so that no payment could be received by a pastoral counselor for services to a member of his parish. Vote was 8-7. Rep. Elizabeth L. Crory for Majority of Commerce and Consumer Affairs.

MINORITY: The Minority, on a tie vote which was broken by the Chairman, feels that it would be opening a Pandora's Box for the usage of mental health. Pastoral counselors have many people under their wing who could very well decide they need counseling and would not come under mental health insurance. The State now has mental health centers which are costly to the taxpayers. Also, the State has extremely qualified doctors, psychiatrists and psychologists and we do not need hundreds more "supposed" mental patients as this bill could very well create. Rep. George H. Baker, Sr. for Minority of Commerce and Consumer Affairs.

Rep. William Roberts moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass, and spoke to his motion.

Reps. Plomaritis, Holliday, Bodi, Wallin, French, Vrakatis and Chambers spoke against the motion.

Reps. Hill, Christy, McCarthy and Murray spoke in favor of the motion.

Reps. Nighswander, Hildreth and Crory spoke against the motion and yielded to questions.

Rep. Wilfrid Boisvert moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

SB 178, concerning eminent domain. Ought to Pass with Amendment.

This bill, as amended, removes conflicting sections of the laws by eliminating sections different from those of RSA 498-A, thus giving the State a set of unified procedures for all eminent domain proceedings. It states that prior to time of filing the declaration of taking the condemnor or its employees or agents may enter on land or improvement which it has power to condemn in order to make studies, surveys, tests, soundings and appraisals, but only if the condemnee has been notified 10 days prior to entry by registered mail. Unanimous vote of Committee (10-0). Rep. Kenneth A. Randall for Statutory Revision.

Amendment

498-A:10 Right to Enter Property Prior to Condemnation. Prior to the time of filing the declaration of taking, the condemnor or its employees or agents shall have the right to enter upon any land or improvement which it has the power to condemn, in order to make studies, surveys, tests, soundings, and appraisals; provided, however, that the condemnee has been notified 10 days prior to entry on the property by registered mail, or such entry shall constitute a trespass.

This bill also conforms the language to correspond to HB 695 passed earlier this Session. Vote was 9-4. Rep. Lorine M. Walter for Transportation.

Amendment

Amend RSA 72-A:4 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

72-A:4 Collection of Boat Tax.

I. The boat tax shall be collected at the time of registration pursuant to RSA 270:3. The issuing agents who are not city or town clerks, but have been authorized by the director of the division of motor vehicles pursuant to RSA 270:5-a may be deputized by the selectmen of the various towns and the aldermen of cities to serve as tax collectors for the sole purpose of collecting the boat tax. Each deputy tax collector shall furnish a surety bond pursuant to RSA 41:6. The boat tax may also be collected by the city or town clerk in the city or town in which the boat is registered.

The director of the division

HOUSE JOURNAL 42

Wednesday 6Jun79

The House met at 1:30 p.m.

Prayer was offered by guest Chaplain, Rev. Walter Larson of the Concordia Lutheran Church in Concord.

Let us pray:

Great God, whose leading of Abraham and Moses we remember, lead us out of our various captivities to Your freedom. Teach us how to leave behind the burden of the past and to press forward to that which lies before us.

We are Your children, and we believe that we are going somewhere, yet we know not where. Grant us the faith to trust what lies ahead to You. As You have led others in darkness and in light, so lead us also toward Your own purposes.

Lord God, it is Your purpose that we build and live in a nation of justice and love. Teach us how to love each other in the common affairs of life. Grant us the will not only to work for justice among ourselves and our kind, but to work that all people of every kind may enjoy the same justice.

Father, we have been so busy looking to heaven that we have neglected both the beauty and the need that surrounds us. Remind us that we do not meet You in some antiseptic place far removed from earth, but rather that we confront You in the noise, the smell, and the confusion that surrounds us. Open our eyes to see You in the face of human needs and in the lives of those who share this life both far and near.

Teach us that glory is to be discovered in service. We sometimes become weary and lose heart. Renew our strength as we seek to do justice and to show kindness, and as we continue to walk with You, our God. Amen.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

legalizing actions taken at certain town meetings, school district meetings, and precinct meetings.

the enacting clause and inserting in place thereof the following:

1 Town of Derry. The votes of the town meeting of the town of Derry held on March 17, 1979, to issue serial bonds or notes for sewerage facilities in an amount not to exceed \$3,128,000 and to issue notes in an amount not to exceed \$115,000 for highway improvements are hereby legalized, ratified and confirmed.

2 Town of Dublin. All of the acts, votes and proceedings of the annual town meeting of the town of Dublin held on March 13, 1979, are hereby legalized, ratified and confirmed.

3 Town of Bristol. All of the acts, votes and proceedings of the annual town meeting of the town of Bristol held March 13 and March 15, 1979, including but not limited to the vote under article 2 to appropriate \$975,000 for extension and enlargement of the water system, to be raised by application of a Farmers Home Administration grant of \$640,000 and a bond or serial note issue of \$335,000, are hereby legalized, ratified and confirmed.

4 Town of Londonderry. Certain towns at their annual meetings in March, 1963, had in their respective warrants articles relative to zoning. On February 21, 1963, laws of 1963, chapter 5, became law and changed the procedure for the adoption of zoning ordinances; viz., RSA 31:63 was amended and RSA 31:63-a was added as a new section of the RSA. Such legislation adopted in 1963 was not adopted in time for towns to comply with its changed requirements. To remedy such situation, laws of 1963, chapter 432, was passed on June 26, 1963. However, the town of Londonderry was omitted from such legislation. In order to correct such oversight, all of the acts, votes and proceedings of the annual town meeting of the town of Londonderry held in March, 1963, including, but not limited to, the enactment of zoning regulations are hereby legalized, ratified and confirmed.

5 Precinct of Haverhill Corner. All of the acts, votes and proceedings of the annual precinct meeting of the precinct of Haverhill Corner in the town of Haverhill held on March 14, 1979, including but not limited to the vote on article 7, are hereby legalized, ratified and confirmed.

SR 93, authorizing the Berlin water works to use an increased amount of water from the Godfrey dam and reservoir. Refer to the Committee on Resources, Recreation and Development for Interim Study.

Because of the involvement of several municipalities and because the site is on National Forest lands and because there are major gaps in past records, this appears to be a classic case of dispute over reparation rights. The more questions asked of various State and regulatory agencies, the more questions that arise. Interim study gives a chance to get more legal and jurisdictional information to protect all interested parties. Committee vote was 9-5. Rep. Stanley H. Williamson for Resources, Recreation and Development.

Referred to the Committee on Resources, Recreation and Development for Interim Study.

The standards are to be enforced by the local building inspector, a designated local-code enforcement official or, if neither exists in a community, by the Governor's Council on Energy. The bill passed by a unanimous vote of the Committee 8-0. Rep. James A. Burchell for Science and Technology.

SB 54, relative to the department of centralized data processing. Refer to the Committee on Executive Departments and Administration for Interim Study.

The proposed legislation addresses some problems that should be considered at some time. However, the committee feels that the bill needs a lot of work to amend its present form to clear up some inconsistencies. Unanimous vote of committee (15-0). Rep. Robert W. Dearhorn for Executive Departments and Administration.

Referred to the Committee on Executive Departments and Administration for Interim Study.

SB 221, relative to the license and control of the practice of rehabilitation counseling. Refer to the Committee on Executive Departments and Administration for Interim Study.

While SB 221 has unquestioned merit, the Committee felt it should be considered with other bills in the mental health and counseling field that have already been sent to interim study. In addition to a long hearing, Executive Departments and Administration Committee held three informational sessions and several subcommittee meetings. With at least six amendments to be considered, insufficient time made an interim study report essential if justice is to be done this important area. Vote was 12-0. Rep. Frederick T. Ernst for Executive Departments and Administration.

Rep. Townsend moved that SB 221 be recommitted to the Committee on Executive Departments and Administration.

Adopted.

Recommitted to the Committee on Executive Departments and Administration.

SB 90, relative to the illegal sale of certain quantities of narcotic drugs. Inexpedient to Legislate.

Everyone wants to get tough with drug pushers but this bill would allow them to go free as the long mandatory sentences would make it nearly impossible to convict them. The sponsor could not supply a single example of drug pushers not being sent to jail under the current law. Vote was 14-1. Rep. Louis D. Record for Judiciary.

Rep. Granger moved that the words, Ought to Pass, be substituted for the committee report, Inexpedient to Legislate, and spoke to his motion.

Reps. Epstein and Wiggins spoke against the motion.

Rep. O'Connor spoke in favor of the motion.

Rep. Bosse spoke against the motion and yielded to questions.

SB 108, reimbursing Leona Foote for certain legal expenses and making an appropriation therefor. Ought to Pass with Amendment.

This amendment was written by the Attorney General to provide fair and unusual treatment to the plaintiff and at the same time uphold the laws of this state that disallow the award of attorneys' fees under similar circumstances. Rep. John B. Tucker for Appropriations.

Amendment

Amend the bill by striking out sections 1 and 2 and inserting in place thereof the following:

1 Findings and Purpose. The legislature, although recognizing and simultaneously reaffirming the provisions of and policy supporting the laws of this state which ordinarily preclude the award of attorneys fees to classified employees who appeal or otherwise litigate adverse personnel actions, has, nevertheless, determined that highly unusual and unique circumstances obtain in this particular instance which in equity call for some measure of relief. Leona Foote is, in this particular case, without any legal or equitable remedy available to her. The legislature passes this act for the sole purpose of granting to Leona Foote in this unique case the equitable relief which she cannot otherwise obtain, not meaning thereby to in any way infer that classified employees are generally entitled to such relief, or to in any way suggest that the laws of this state do not specifically disallow the award of attorneys fees in these circumstances.

2 Reimbursement Provided; Appropriation. The sum of \$5,186.52 is hereby appropriated to be paid to Leona Foote of Warren, New Hampshire, to reimburse her for legal expenses in connection with her court actions seeking reinstatement to a position at the New Hampshire Home for the Elderly, Glencliff, New Hampshire, where she is presently employed, her prior discharge having been upheld by the personnel commission by means of perjured testimony.

Said payment shall be in full and final payment for all claims against the state for the reimbursement. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect upon its passage.

The Speaker called for the Special Order.

CACR 18, providing that the increase in expenditures authorized in any budget be limited to the growth in personal income. Inexpedient to Legislate.

The issue central to CACR 18 is similar to the issues of CACR 13 and CACR 15, that is to limit the rate of increase in the authorized expenditures of State of New Hampshire and/or municipal governments to a standard or index. Both CACR 13 and CACR 15 have been sent to the Constitutional Revision Committee for interim study.

CACR 18, like the two other CACRs is a measure that has merit, but the controlling mechanism, the rate of increase in the personal income for New Hampshire does not relate to the state tax structure.

Additionally, New Hampshire has demonstrated through its actions that when austerity budgets are required because state revenues will not yield the funds necessary to support a needs and a wants budget, a needs budget is what will eventually emerge as the spending plan or budget for state government. That is the New Hampshire experience.

Another New Hampshire experience, the ability to reorder its spending priorities. This was evident in 1971 when the legislature faced a substantial deficit. It took the responsible actions by reducing operating budgets to levels considered adequate and absorbed the deficit. Rep. John B. Tucker for Appropriations.

Rep. Granger moved that the words, Ought to Pass, be substituted for the committee report, Inexpedient to Legislate, and spoke to his motion.

Reps. Joseph Eaton and Tucker spoke against the motion.

A roll call was requested. Sufficiently seconded.

SUSPENSION OF RULES

Rep. Quimby moved that the rules be so far suspended as to permit consideration at the present time of HB 882, relative to certain public utility companies establishing future credit accounts to reimburse customers for payment of certain surcharges, without the required notice in the calendar.

Adopted by the necessary two-thirds.

COMMITTEE REPORTS (cont.)

HB 882, relative to certain public utility companies establishing future credit accounts to reimburse customers for payment of certain surcharges. Inexpedient to Legislate.

Committee felt that despite three major rewrites of this innovative concept, that it still offers no financing advantages to utilities, but rather, the account keeping would be cumbersome and interest on the credit would be less (9%) than the utility would have to borrow at (12% - 13%) to undertake construction. The vote was 7-4. Rep. Conrad L. Quimby for Commerce and Consumer Affairs.

Resolution adopted.

SB 69, to prohibit the mandatory retirement of public and private employees. Majority: Ought to Pass. Minority: Ought to Pass with Amendment.

MAJORITY: This bill should be passed as originally written because it is a matter of civil rights and anti-discrimination based solely on age when determining a person's right to employment. Vote was 10-5. Rep. Joe Vrakatitsis for Majority of Executive Departments and Administration.

MINORITY: After lengthy evaluation, the subcommittee concluded that the prohibition of any programmed retirement age would produce more disadvantage than advantages for the elderly themselves, in addition to the more obvious complications for employers. Imposing senility as the only legitimate case for separating an employee is bound to cause friction, loss of pride, and legal appeals. Amendment would mandate seventy as the new retirement age for

public and private sectors. Rep. Frederick T. Ernst for Minority of Executive Departments and Administration.

Rep. Ernst offered an amendment.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

to raise the mandatory retirement age of certain public and private employees.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Declaration of Purpose. The legislature hereby finds that older workers in New Hampshire shall have the opportunity to continue their employment until they attain the age of 70. It is the purpose of this act to raise the mandatory retirement age to 70, whether practiced by the government of the state of New Hampshire or any political subdivision thereof, or by any private employer within the state of New Hampshire.

2 Age Discrimination. Amend RSA 354-A:8, VIII (supp) as inserted by 1971, 555:7, by striking out said paragraph and inserting in place thereof the following:

VIII. For any employee to be required, as a condition of employment, to retire upon or before reaching a specified predetermined chronological age less than age 70.

VIII-a. Nothing in paragraph VIII shall be construed to prohibit compulsory retirement of any employee who has attained 65 years of age but not 70 years of age, and who is either

(a) for the 2-year period immediately before retirement, employed in a bona fide executive or a high policymaking position, if such employee is entitled to an immediate nonforfeitable annual retirement benefit from a pension, profit-sharing, savings, or deferred compensation plan, or any combination of such plans, of the employer of such employee, which equals, in the aggregate, at least \$27,000 if based on a straight life annuity; or,

(b) serving under a contract of unlimited tenure, or similar arrangement providing for unlimited tenure at an institution of higher education as defined by section 1201 (a) of the federal Higher Education Act of 1965.

3 Retirement Benefits Group I. Amend RSA 100-A:5, I (a) as inserted by 1967, 134:1 as amended by striking out said paragraph and inserting in place thereof the following:

(a) Any group I member may retire on a service retirement allowance upon written application to the board of trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the filing thereof, he desires to be retired, provided the member at the time so specified for his retirement has attained age 60 and notwithstanding that during such period of notification he may have separated from

service. Any group I member in service as an employee who attains age 70, except an elected or appointed official of the state, shall be retired forthwith or on the first day of the next following month.

4 Retirement Age, Group II. Amend RSA 100-A:5, II (a) as inserted by 1967, 134:1 as amended by striking out said paragraph and inserting in place thereof the following:

(a) Any group II member in service who has attained age 45 and completed 20 years of creditable service may retire on a service retirement allowance upon written application to the board of trustees setting forth at what time not less than 30 days nor more than 90 days subsequent to the filing thereof, he desires to be retired, notwithstanding that during such period of notification he may have separated from service. Any group II member in service who attains age 70 shall be retired forthwith or on the first day of the next following month.

5 Firemen's Retirement. Amend RSA 102:13 as amended by striking out said section and inserting in place thereof the following:

102:13 Retirement. Any permanent fireman who accepts the provisions hereof may retire from active service at the age of 55 provided he has served as a permanent fireman for a period of 20 years. All permanent firemen who accept the provisions hereof and who have served as permanent firemen for 20 years shall retire from active service at the age of 70. Any permanent fireman accepting the provisions hereof and having served for 20 years, who shall be dismissed from service after having reached the age of 55 shall be entitled to the benefits of this chapter. Upon retirement a permanent fireman shall no longer be obligated to pay assessments to the retirement fund. The probationary periods of permanent firemen shall be counted as part of their term of service.

6 Effective Date. This act shall take effect 60 days after its passage.

Rep. Ernst explained his amendment.

Reps. Baybutt, Collins and Daniell spoke in favor of the amendment.

Reps. Farnham, Dearborn, Vrakatisis, Townsend and Seely spoke against the amendment.

Rep. Ernst requested a roll call. Sufficiently seconded.

SB 229, relative to the protection by an individual of his home and property without incurring civil liability. Ought to Pass with Amendment.

Judiciary Committee's amendment clarifies the sponsors' intent. This bill makes it clear that your home is your castle and intruders cannot recover in a civil suit for actions taken to defend self and family which are justified under the Criminal Code. Vote was 11-4. Rep. Leigh D. Bosse for Judiciary.

SB 259, relative to the regulation of franchise practices. Ought to Pass with Amendment.

The members of the Committee heard extensive testimony on this bill. The Committee felt that a definite problem exists in the franchise area. After two long executive sessions on this bill, the Committee adopted 14 amendments in an attempt to deal with all the concerns that were raised.

The bill sets up definitions and rules pertaining to termination of franchises. It requires the franchisor to show good cause and give the franchisee sufficient notice as to termination. There is presently nothing in the statutes relating to franchise and termination. The vote on the Committee was 13-1. Rep. Thomas J. Pappas for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 357-B the following new chapter:

CHAPTER 357-C

Franchise Regulation

357-C:1 Declaration of Policy.

I. The general court makes the following findings:

(a) The substantial amount of useful business activity in and affecting interstate commerce is today carried on and conducted under franchise agreements or relationships between franchisors and franchisees.

(b) Such agreements and relationships benefit the economy, enhance business, and promote competition by providing a means for combining centralized planning, direction, and standard-setting by the franchisor with local decision-making, initiative, and capital formation by the franchisee in a way which appears to be at least as effective as commercial arrangements based on principal and agent relationships.

(c) Because the franchise relationship in its present form is a relatively new one, existing law has not been evolved sufficiently to protect adequately the parties to the franchise relationship and to insure against overreaching, unjust enrichment, and unjustifiable termination. Traditional antitrust, agency, and contract law doctrines fail to provide sufficient remedies for conduct that should, in this context, be characterized as wrongdoing.

II. It is the purpose of this chapter to provide certain remedies to franchisors and franchisees to assure fair dealing, to protect franchisees from inequitable practices, and to guarantee to consumers the greater benefits which would flow from more equitable franchise agreements and relationships.

357-C:2 Definitions. As used in this chapter:

I. "Antitrust laws" includes:

(a) The Sherman Act (15 U.S.C. 1 et seq.);

(b) The Clayton Act (15 U.S.C. 12 et seq.);

(c) The Federal Trade Commission Act (15 U.S.C. 41 et seq.);

(d) Sections 73 and 74 of the Wilson Tariff Act (15 U.S.C. 8 and 9); and

(e) The Act of June 19, 1936, chapter 592 (15 U.S.C. 13, 13a, 13b, and 21A).

II. (a) Except as provided in subparagraph (b), "franchise" means any commercial relationship which is created by agreement, contract, lease, or other understanding, whether written or oral, express or implied, in which -

(1) a person (hereinafter in this chapter referred to as the "franchisor") grants to another person (hereinafter in this chapter referred to as the "franchisee") the right to, or permits such person to, offer, sell, or distribute in this state:

(i) Goods or commodities manufactured, processed, or distributed by such franchisor; or

(ii) Services established, organized, or directed by such franchisor;

(2) (i) The franchisor prescribes the franchisee's organization, promotional activities, management, marketing plan, or method of operation; or

(ii) The operation of the franchisee's business is associated with the franchisor's trademark, service mark, trade name, or other identifying symbol or name owned or controlled by the franchisor; and

(iii) The franchisee is required to pay directly or indirectly a franchise fee in excess of \$500. Such term includes any franchise described in subparagraph (a)(2)(iii) under which a franchisee is granted the right, or is permitted, to offer, sell, or negotiate the sale of such franchises in the name of or on behalf of the franchisor.

(b) "Franchise" does not include any commercial relationship under which a person is granted the right or is permitted to offer, sell, or distribute, on a commission or consignment basis, goods or commodities manufactured, processed, or distributed by another person and bearing the trademark, service mark, trade name, or other identifying symbol or name owned or controlled by such other person.

III. "Franchise fee" means any fee or charge that a franchisee or subfranchisor is required to pay or agrees to pay directly or indirectly for the right to enter into a business or sell, resell, or distribute goods, services or franchises under an agreement, including, but not limited to, any such payment for goods or services, provided that the following shall not be considered the payment of a franchise fee:

(a) The payment of a reasonable service charge to the issuer of a credit card by an establishment accepting or honoring such credit card;

(b) Amounts paid to a trading stamp company by a person issuing trading stamps in connection with the retail sale of merchandise or services;

(c) The purchase or agreement to purchase goods at a bona fide wholesale

price if no obligation is imposed upon the purchaser to purchase or pay for a quantity of such goods in excess of that which a reasonable businessman normally would purchase by way of a starting inventory or supply or to maintain a going inventory or supply; or

(d) The purchase or agreement to purchase goods for which there is an established market at a bona fide retail price subject to a bona fide commission or compensation plan.

IV. "Good cause", when used with respect to the cancellation of, termination of, or failure to renew a franchise, means:

(a) Continued failure by the franchisee to comply with requirements agreed to under the terms of the franchise; or

(b) Continued bad-faith conduct or action by the franchisee with respect to the carrying out of the terms of such franchise.

V. "Marketing area withdrawal" means the cancellation of, termination of, or failure to renew a franchise by a franchisor for the purpose of enabling such franchisor to withdraw from the business of granting, organizing, supplying, or directing franchises within a particular marketing area:

(a) Which is not a violation of the antitrust laws;

(b) With respect to which such franchisor does not sell or provide, directly or indirectly, in such marketing area the same goods and services covered by such franchise during the 5 year period beginning on the date of such cancellation, termination, or failure to renew; and

(c) With respect to which such franchisor pays the franchisee involved reasonable compensation for the value of such franchisee's business, including goodwill, or, if agreed to by such franchisee, provides for the replacement of the franchise with a new franchise of equivalent value.

357-C:3 Notice to Franchisees.

I. Except as provided in paragraph III, no franchisor may cancel, fail to renew, or otherwise terminate a franchise unless such franchisor furnishes prior notification in accordance with paragraph II to the franchisee affected.

II. The notification required under paragraph I shall be in writing and shall be sent to the franchisee by certified mail not less than 90 days before the date on which such franchise will be canceled, not renewed, or otherwise terminated. Such notification shall contain a statement of intention to cancel, not renew, or otherwise terminate, together with the reasons therefor, the date on which such action shall take effect, and a statement of the remedy or remedies available to such franchisee under this chapter, including a summary of the applicable provisions of this chapter.

III. A franchisor may cancel, fail to renew, or otherwise terminate a franchise without furnishing the notification required under paragraph I:

(a) In order to protect against an imminent danger to public health or safety caused by the franchisee;

(b) In the event of insolvency or bankruptcy of the franchisee; or

(c) In the event of voluntary abandonment by the franchisee of the franchise business.

357-C:4 Termination of Franchises. No franchisor may cancel, fail to renew, or otherwise terminate a franchise unless:

I. The franchisor is effecting a marketing area withdrawal; or

II. The franchisor has good cause for such cancellation, failure to renew, or termination and, in any case in which prior notification is required pursuant to RSA 357-C:3, the franchisor has furnished such notification and the franchisee has not corrected the conduct specified in such notification as the reason for such cancellation, failure to renew, or termination within 60 days after the date of receipt of such notification.

357-C:5 Compensation for Failure to Renew a Franchise.

I. A franchisor who fails to renew a franchise for other than a good cause shall:

(a) Permit the franchisee, for a period of not less than 90 days beginning on the date of expiration of the franchise, to sell the franchise subject to the approval of the franchisor; or

(b) If no sale is made under subparagraph (a), pay the franchisee reasonable compensation for the loss of the value, including goodwill, of the franchisee's business attributable to the franchisor's failure to renew the franchise.

II. If the franchisee and franchisor do not agree on the amount of the reasonable compensation described in paragraph I, they shall submit the determination of such amount to binding arbitration. In such event the franchisee shall submit to the franchisor the names of not less than 3 arbitrators from a list supplied by the American Arbitration Association. The franchisor shall within 30 days of receipt of said list select the arbitrator who will hear the case from said list or any other impartial third party agreed to by the franchisor and the franchisee. The standards applied shall be those of the American Arbitration Association.

357-C:6 Relationship Between Parties.

A franchisor may not discriminate between franchisees in the charges offered or made for royalties, goods, services, equipment, rentals, advertising services, or in any other business dealing, unless, and then only to the extent that, any classification of, or discrimination between, franchisees is reasonable, is based on franchisees granted at materially different times, and is reasonably related to such difference in time or is based on other proper and justifiable distinctions considering the purpose of this chapter, and is not arbitrary.

357-C:7 Judicial Remedies and Burden of Proof.

I. If a franchisor engages in conduct prohibited under this chapter a franchisee may maintain a suit against such franchisor.

II. The court shall grant such equitable relief as is necessary to remedy the effects of conduct which it finds to exist and which is prohibited under this chapter, including declaratory judgment, mandatory or prohibitive injunctive relief,

and interim equitable relief. The court may, unless required by this chapter, award damages, including the value of goodwill. If the court finds that the franchisor has acted in bad faith in invoking the provisions of RSA 357-C:3 as justification for cancellation, failure to renew, or termination of a franchise, it shall award actual damages, as well as costs, as provided for in this paragraph.

III. A suit under this section may be brought, without regard to the amount in controversy, in the superior court for the county in which the franchisee is found, or is doing business. No such suit shall be maintained unless commenced within 2 years after the cancellation, failure to renew, or other termination of the franchise, unless the franchisor has allegedly reentered the marketing area after having effected a marketing area withdrawal, in which case no such suit shall be maintained unless commenced within 2 years after the date of the alleged reentry.

IV. In any suit brought under this section, a franchisor availing himself to any of the justifications specified in RSA 357-C:3, 4 or 6 as a defense to such action shall have the burden of establishing and proving such defense.

357-C:8 Prohibition of Waiver of Rights and Arbitration.

I. Except as provided in paragraph II, any condition, stipulation, provision, or term of any franchise agreement waiving any right granted under this chapter, or relieving any person from liability imposed by this chapter, shall be void and unenforceable.

II. Nothing contained in this chapter shall limit the right of a franchisor and a franchisee to agree to binding arbitration of disputes, if:

(a) The standards applied in such arbitration are not less than the requirements specified in this chapter, and

(b) Any arbitrator employed in such arbitration is chosen by the parties from a list of impartial arbitrators supplied by the American Arbitration Association or by any other impartial third party agreed to by the parties.

357-C:9 Antitrust Laws. No provision of this chapter shall repeal, modify, or supersede, directly or indirectly, any provision of any antitrust laws of this state. This chapter is and shall be deemed to be supplementary to, but not a part of, the antitrust law of this state.

357-C:10 Gasoline and Motor Vehicle Franchises. No provision of this chapter shall repeal, modify, or supersede, directly or indirectly, any provision of RSA 339-C or RSA 357-B. This chapter is and shall be deemed to be supplementary to, but not a part of RSA 339-C and RSA 357-B.

2 Effective Date. This act shall take effect 60 days after its passage.

Adopted.

SB 183, eliminating the authority of the labor commissioner to establish wages for employees on public works projects. Refer to the Committee on Labor, Human Resources and Rehabilitation for Interim Study.

Repeal of New Hampshire's Mini Davis-Bacon Act would have far-reaching effects that cannot yet be estimated. Many questions are not yet answered. Committee needs to know what percentage of construction now falls under the federal Davis-Bacon control and how the local prevailing wage as set by the Department of Labor varies from area to area. Under the present law, all contractors have a fair chance in bidding public works projects. Vote was 14-4. Rep. Robert W. Wheeler for Labor, Human Resources and Rehabilitation.

The Speaker called for the Special Order.

SB 253, relative to the area of operation of the New Hampshire housing commission. Majority: Inexpedient to Legislate. Minority: Ought to Pass with Amendment.

MAJORITY: Legislation, as amended, appears to attempt to by-pass "home rule." Situation currently requires approval at town meeting. This was

originally eliminated completely then reinstated by the amendment if previously vetoed by the Board of Selectmen. End result seems to accomplish nothing to improve operations of the Housing Commission especially since they have been unable to fund currently approved town needs to any appreciable extent. Vote was 8-7. Rep. Anthony Pepitone for Majority of Municipal and County Government. MINORITY: There is an immediate need for this legislation as a positive approach to reinforce the ability of the Housing Commission to meet the needs of many New Hampshire citizens at the least possible expense. No one appeared before the Committee in opposition to this bill. Reps. Selma R. Pastor, George A. Soucy and Dorothy Drewniak for Minority of Municipal and County Government.

Rep. Mann moved that the words, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Reps. Mayhew and Williamson spoke in favor of the motion.

Motion adopted.

Rep. Pepitone offered an amendment.

Amendment

Amend RSA 204-A:9 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

204-A:9 Area of Operation. The area of operation of the commission shall be the entire state; provided that, with the exception of data collection, the commission shall not operate in any area in which a local authority of a municipality is operating, without the consent by resolution of the local authority operating therein and the consent of the local governing body; and further provided that in areas where there is no local authority operating, with the exception of data gathering, planning and the Existing Housing Program under section 8 of the United States Housing Act of 1937, as amended, the commission shall not operate without the consent of the local governing body, unless permission has been granted by majority vote of the board of selectmen or city council. The commission shall provide notice of its intent to operate any such program by sending a letter by certified mail to the board of selectmen or city council to request permission for such program. Any consents required by this section may limit the time and scope of activities to be conducted by the commission in the municipality. In addition, and not in limitation of the preceding sentence, each housing project to be sponsored, in whole or in part, by the commission shall require separate consents as herein provided. For the purposes of this chapter alone, the area of operation of a local authority shall mean the municipality for which it is created.

The Clerk read the amendment.

Question being on the substituted committee report, Ought to Pass with Amendment.

Adopted.

SUSPENSION OF RULES

Rep. Mann moved that the rules be so far suspended as to permit the consideration at the present time of the committee report on SB 125, legalizing the 1979 town meetings of Derry and Dublin, without the required notice in the calendar.

Adopted by the necessary two-thirds.

COMMITTEE REPORTS (cont.)

SB 125, legalizing the 1979 town meetings of Derry and Dublin. Ought to Pass with Amendment. Rep. Ezra B. Mann, II for Municipal and County Government.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

legalizing actions taken at certain town meetings, school district meetings, and precinct meetings.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Town of Derry. The votes of the town meeting of the town of Derry held on March 17, 1979, to issue serial bonds or notes for sewerage facilities in an amount not to exceed \$3,128,000 and to issue notes in an amount not to exceed \$115,000 for highway improvements are hereby legalized, ratified and confirmed.

2 Town of Dublin. All of the acts, votes and proceedings of the annual town meeting of the town of Dublin held on March 13, 1979, are hereby legalized, ratified and confirmed.

3 Town of Bristol. All of the acts, votes and proceedings of the annual town meeting of the town of Bristol held March 13 and March 15, 1979, including but not limited to the vote under article 2 to appropriate \$975,000 for extension and enlargement of the water system, to be raised by application of a Farmers Home Administration grant of \$640,000 and a bond or serial note issue of \$335,000, are hereby legalized, ratified and confirmed.

4 Town of Londonderry. Certain towns at their annual meetings in March, 1963, had in their respective warrants articles relative to zoning. On February 21, 1963, laws of 1963, chapter 5, became law and changed the procedure for the adoption of zoning ordinances; viz., RSA 31:63 was amended and RSA 31:63-a was added as a new section of the RSA. Such legislation adopted in 1963 was not adopted in time for towns to comply with its changed requirements. To remedy such situation, laws of 1963, chapter 432, was passed on

June 26, 1963. However, the town of Londonderry was omitted from such legislation. In order to correct such oversight, all of the acts, votes and proceedings of the annual town meeting of the town of Londonderry held in March, 1963, including, but not limited to, the enactment of zoning regulations are hereby legalized, ratified and confirmed.

5 Precinct of Haverhill Corner. All of the acts, votes and proceedings of the annual precinct meeting of the precinct of Haverhill Corner in the town of Haverhill held on March 14, 1979, including but not limited to the vote on article 7, are hereby legalized, ratified and confirmed.

6 Town of Antrim. All acts, votes and proceedings of the annual town meeting of the town of Antrim held on March 14, 1978, are hereby legalized, ratified and confirmed.

7 Oyster River Cooperative School District. All acts, votes and proceedings of the annual meeting of the Oyster River cooperative school district held on March 7, 1979, and May 23, 1979, are hereby legalized, ratified and confirmed.

8 Town of Woodstock. All acts, votes and proceedings of the town meetings of the town of Woodstock held on March 14, 1978, and March 13, 1979, including all votes whereby the town appropriated a total of \$138,000 for its share of the cost of the purchase and construction of a refuse disposal facility in the town of Lincoln, New Hampshire, authorized the transfer of \$21,000 from the federal revenue sharing fund to meet such appropriation, authorized the transfer of \$30,371 from the solid waste disposal (dump) capital reserve fund to meet such appropriation, and authorized the borrowing of \$86,629 to meet the balance of such appropriation, are hereby legalized, ratified and confirmed in all respects, and the selectmen of the town are authorized to issue \$86,629 bonds or notes for such purpose under the municipal finance act.

9 Bartlett School District. All acts, votes and proceedings of the school district meeting of the Bartlett school district held on March 2, 1979, and May 11 and 12, 1979, are hereby legalized, ratified and confirmed.

10 Madison School District. All of the acts, votes and proceedings of the annual meeting of the Madison school district held in Madison on March 16, 1979, including the vote to raise and appropriate a sum not to exceed \$158,820 to build and equip an addition to and renovations to the district's present elementary school through the issuance of notes or bonds of the district, are hereby ratified, legalized and confirmed, and the district is authorized to borrow said sum for said purpose.

The Subcommittee on Resolutions and Screening having approved its admittance, Reps. Marilyn Campbell, Scamman and Elmer Johnson offered the following:

HOUSE RESOLUTION NO. 30

WHEREAS, the State of New Hampshire has approximately 550 dairy farms, with some 45,000 milk cows producing some 350,000,000 pounds of milk, and with cash receipts of \$40,350,000, and

WHEREAS, agriculture is the state's second leading industry, and dairying is the number one agricultural enterprise, therefore be it

RESOLVED, by the House of Representatives, that the House hereby commends the dairy farmers of New Hampshire for their contribution to the state's well-being, and, in recognition of this great asset, recognizes the month of June as Dairy Month.

Adopted.

Rep. Elmer Johnson addressed the House briefly as follows:

They can raise the price of liquor and the only squawk you'll hear
Is from the drinking crowd that demands more gin and beer;

The same way with tobacco - they'll pay without a peep
And smoke every bit as much as when the stuff was cheap;

If the price is raised on clothing, they'll dish right out the dough
Even though it's something they're going to wear for show;

When there's a higher tax on movies, they'll pay without a plea
Especially if it's a picture they hadn't ought to see;

But raise the price of milk, oh boy, they'll cry with all their breath
They've got a growing youngster that's going to starve to death.

They don't ask for higher wages so they can pay a little more for milk,
They'll show those greedy farmers and their stupid, scheming ilk.

They'll march with hoisted banners and they'll cable, write and wire;
They'll drag the local milkman through the muck and through the mire;

They'll drink their coffee black or they'll switch to watery tea,
They'll demand the darned fool government pay a subsidy.

Care about a farmer half a million in debt on cows, and crops, and land?
He can just go bankrupt or pound his head in sand.

They'll gladly pay a higher price for their liquor, smokes and silk,
But they don't intend to ever pay a decent price for milk.

Rep. Chambers moved that Rep. Elmer Johnson's remarks be printed in the Journal.
Adopted.

UNANIMOUS CONSENT

Reps. Spirou, Helen Wilson and French addressed the House under unanimous consent.

Upon invitation, Governor Hugh J. Gallen addressed the House as follows:

Mr. Speaker, Mr. President, Reverend Clergy, Honorable Members of the General Court. Thank you for allowing me to speak to you today as you finish your business for this session.

I believe you can return home to your families and businesses -- and especially to the constituents who elected you -- with a sense of accomplishment.

Looking back on this session, one major point stands out above all the others. Together, we have proven that the two chambers of the Legislature and the Executive Branch can carry out our responsibilities in an atmosphere of cooperation.

The people who chose us to serve them did not elect us to engage in constant confrontations or petty personal squabbles.

They were not desiring battles or headline-grabbing accusations that often bring government to a standstill. What they wanted was a government that went about its business efficiently and effectively. They wanted results more than noise.

And by large, that is what they have received. And for that, you deserve to be thanked.

I think this has been a productive legislative session, because of the attitude of cooperation instead of confrontation.

You have passed an operating budget that addresses many of the serious needs of our people and obligation of the state.

The process that began when I opened my budget hearings in December has gone smoothly and has culminated in a sound budget that will guide the state for the next two years.

I will invite the members of the House Appropriations and Senate Finance Committees, and the staffs of the Legislative Budget Assistant and Comptrollers offices to join me on Monday when I sign that budget into law.

It is important to note that this budget was passed without imposing any new taxes upon our citizens and without an increase in general fund taxes. That is a commitment I made personally and which many of you shared. It has been fulfilled. Furthermore, the budget was passed without the need for imposing casinos or other undesirable forms of gambling in our state.

Within the budget itself, we have begun to live up to our obligations to many of those citizens who for too long were

neglected by their state government.

When I addressed you in my inaugural and again in my budget address, I mentioned the critical need for the state to recognize its role at the Laconia State School.

I want to thank you today for helping me fulfill the first phase of that commitment by increasing funds in this area by 31 per cent.

We have much left to do in turning the budget into programs, but we have taken a bold first step, and you have not only my gratitude but the gratitude of many children, adults and parents who have worked very hard on this problem.

No one should doubt my resolve to see that our actions during this session are continued throughout the next two years.

The capital budget you have passed is also a good first step in getting the state to spend within its means in the capital expense area. We will be spending less than we will be paying back, and this will start us on the course of ending the spiral of greater and greater encroachment by capital debt upon our operating budget.

During the next two years, we will continue work on the framework for future capital programs, to ensure that the state is making the best use of its facilities.

You have shown that state government can respond to the wishes of the people by fulfilling the clear mandate of the voters and eliminating Construction Work in Progress charges.

There are many other actions you have taken that deserve recognition, and they would take much too long to list here today, but I would like to mention a few of them:

The bonding authority of the state to assist in the construction of single and multi-family housing has been increased, and the membership of the Housing Finance Agency board has been broadened. This should reap long-lasting results. We will be able to offer our residents decent housing which they can afford.

The state's programs to deal with the dire problems of alcoholism and drug abuse will be brought together so that we can strike at these problems at their causes and do it more efficiently.

The drinking age has been raised to age 20. I realize that this was a controversial bill, but I believe that it will help reduce the number of young people killed on our highways and will help get alcohol out of our high schools and junior high schools.

The Public Utilities Commission will be getting adequate staffing so that it can fulfill its regulatory duties, and the commissioners will be full-time and given enough compensation to attract the talent that is needed for that post.

Consumers will benefit from the branch banking bill, because of increased banking competition and greater availability of banking services.

The schedule for funding vocational centers around the state has been firmed up, so the local communities can make plans for their centers instead of constantly competing for them.

We will preserve for the state the historic Upham-Walker House, so that this valuable piece of property will be kept in

repair and open to the public.

We will make sure that elderly people are not forced out of jobs simply because they have reached a certain age. By the bill you have passed, you have assured that ability, not age, is the determining factor in a person's job.

That certainly is not a complete list of the achievements of this Legislative session. There have been many other laws enacted that will benefit our citizens.

Some of the issues raised during this session were controversial, and they were hotly debated on both sides. But to everyone's credit, those debates were carried out openly in the honored tradition that the legislature is the proper forum for competing interests to decide the issues.

And in all cases, the debate over one issue did not spread into acrimony or retribution and infect the legislative process.

As I said in my inaugural address to you in January, we can disagree without being disagreeable. I believe that this spirit prevailed.

You have completed your Constitutional role of rejecting or passing legislation and have sent on to me those which have passed.

As Governor, it is my role to decide whether to sign or veto those bills.

I can assure you today that in deciding on those bills, I will take all sides into account, and especially I will weigh what I consider as the best interests of the people of New Hampshire.

I can also assure you that any veto I exercise will not be made capriciously or frivolously. They will be based on what I consider good, sound reasons, and those reasons will be presented to you for your consideration.

As a final note, I would like to say that I agree with the leaders of both chambers who have said that we do not need a special legislative session.

I hope that we will all maintain our resolve on this issue during the next 18 months.

You can return to your constituents and justifiably say that you have fulfilled your Constitutional role; you have worked hard at representing them; and you have completed your work.

And you can also tell them you took part in a session that witnessed the rebirth of something special in state government -- the spirit of partnership. Through that spirit, much was accomplished, and for that I wish to thank you and wish you well.

ENROLLED BILLS AMENDMENTS

HB 807, relative to the bonding of county and municipal officers.

Amendment

Amend the bill by striking out section 19 and inserting in place thereof the following:

19 Conditional Amendment. If House Bill 766 of the 1979 regular session, "An Act relative to elections in cities, towns and village districts," becomes law, section 13 of this act shall be null and void.

20 Effective Date. This act shall take effect 60 days after its passage.

Section 13 of this bill amends RSA 41:37

by removing the requirement that a tax collector appointed to fill a vacancy give an individual bond when appointed. HB 766 passed earlier in the session repeals RSA 41:37 and transfers the substance of the section to a new chapter. The equivalent to RSA 41:37 in the new chapter does not require an appointed tax collector to give an individual bond and so the result is the same. This amendment therefore eliminates an amendment to a repealed section.

Adopted.

HB 410, relative to the issuance of a certificate of title on mobile homes.

Amendment

Amend section 1 of the bill by striking out lines 1 and 2 and inserting in place thereof the following:

1 Definition. Amend RSA 269-A:1, XI as inserted by 1967, 357:1 as amended by striking out said paragraph and inserting in place thereof the following:

2 Mobile Home Defined. Amend RSA 269-A:1 by inserting after paragraph XIII the following new paragraph:

These amendments correct technical errors in the amending language and renumber a newly inserted paragraph to reflect an earlier enactment.

Adopted.

Amendment

Amend section 4 of the bill by striking out same and inserting in place thereof the following:

4 Consolidation Amendment. If House Bill 753 of the 1979 regular session, "An Act requiring the forfeiture of all accumulated good conduct time for inmates who escape from custody," becomes law, RSA 651:55-b, III as amended by section 1 of this act is further amended to read as follows:

III. Credits may be granted subject to the foregoing provided that:

(a) Any prisoner who escapes from the state prison or from custody of any person charged with his custodial safekeeping, or from the limits of his minimum custody or community corrections boundaries or agreements will automatically suffer the loss of all accrued good conduct

credits. This loss is in addition to and not in lieu of any other administrative or judicial punishment later imposed for the escape.

(b) Any serious act of misconduct or insubordination, or persistent refusal to conform to prison regulations during his confinement shall subject the prisoner to the loss of all or any portion of such credits, at the discretion of the warden.

(c) The warden at his discretion may restore all or part of the good conduct credits lost under RSA 651:55-b, III (a) or (b) should the prisoner later demonstrate exemplary behavior.

(d) Provided further, that upon a prisoner's release on parole any such credits earned prior to his release shall not thereafter be lost.

5 Effective Date. This act shall take effect 60 days after its passage.

Amend the bill by striking out section 47 and inserting in place thereof the following:

47 Further Authority. 11 Laws Reserved. Any section of the RSA repealed by paragraphs I and V of section 7 of this act that is applicable to elections other than those covered by section 1 of this act and is not replaced by an appropriate RSA section in section 1 of this act shall remain in full force and effect for such elections notwithstanding their repeal for those elections covered by section 1 of this act.

12 Conditional Amendment. If House Bill 766 of the 1979 regular session, "An Act relative to elections in cities, towns and village districts," and House Bill 780 of

the 1979 regular session, "An Act relative to school district elections," both become law, section 11 of this act shall be null and void.

13 Effective Date. This act shall take effect July 1, 1979.

This amendment corrects a mistake made in copying a section from the current election laws. It also corrects some cross reference errors. It makes a change in the section on assault because of changes made to RSA 631 by HB 344 which is now chapter 126 of the 1979 session laws. It makes a change in the list of delegates to state conventions by deleting references to Somersworth that are covered adequately by paragraph I of the same section. The amendment corrects a spelling error. It also makes some changes to section 11 required by the insertion of RSA 664 into the bill and the later introduction in the session of HB 766 and HB 780 concerning city, town, village district and school district elections which were uncertain when HB 575 was originally done. In addition, a section is included which makes section 11 null and void if HB 766 and HB 780 both become law.

Such power shall not authorize the director of legislative services to make any substantive changes in this act and shall expire upon the printing of the 1979 session laws.

The title is amended to conform to the amended bill and to ratify the title previously adopted.

I. Any person who shall be convicted of operating or attempting to operate a motor vehicle upon any way while under the influence of intoxicating liquor or any controlled drug shall, notwithstanding the provisions of Title LXII, be guilty of a violation and fined not more than \$1,000, and his license or operating privilege shall

be revoked for a period not less than 60 days, and if the person holds an out of state operator's license, said person shall not operate on any ways of the state for a period of not less than 60 days, and, in either situation at the discretion of the court, this revocation of an operator's license and revocation of operating privileges of an out of state operator may be extended for a period not to exceed 7 years. Upon conviction based on a complaint which alleges that the person has had a prior conviction in this state or another state and said prior conviction is proven and was within the 7 years preceding the date of the second offense, such person shall be guilty of a misdemeanor and shall, notwithstanding the provisions of RSA Title LXII and RSA 651:20 be sentenced to imprisonment for a period of not less than 7 days and fined not more than \$1,000. Amendment

Amend section 3 of the bill by striking out lines 5 and 6 and inserting in place thereof the following:

permanently and totally disabled or aid to the needy blind shall be \$335, including any federal assistance, for the biennium ending June 30, 1981. The monthly allowance of \$335 does not include any disregards or personal allowances intended for the client.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Supplemental Appropriation. There is hereby appropriated to the division of welfare, department of health and welfare, the sum of \$221,871 for the fiscal year ending June 30, 1980 and the sum of \$156,603 for the fiscal year ending June 30, 1981, to be expended only for the purposes of section 3 of this act. Said sums are appropriated in addition to any other sums appropriated to the division of welfare to provide assistance payments to persons described in section 3 so that the monthly allowance for each person shall be \$335. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

This amendment corrects a drafting error whereby the wrong total monthly benefit was calculated for inclusion in the bill. This

amendment corrects the monthly total with disregards taken into account and corrects the appropriation.

Adopted.

INTRODUCTION OF SENATE BILL

First, second reading and referral

SB 1, relative to the insanity defense in criminal proceedings. (Judiciary)

RECESS

A quorum count was requested.

The Chair declared a quorum present.

Rep. Baker moved that debate be limited to 30 minutes equally divided on all remaining business, including questions. Adopted.

COMMITTEE REPORT

HB 880, establishing the New Hampshire energy finance commission. Refer to the Committee on Commerce and Consumer Affairs for Interim Study.

The Committee voted 13-2 for interim study. This bill shows some merit for further study. In present form it has many complex aspects that would require intense study to make it a viable law. There was testimony that there was no need for urgency in this matter. Since there were so many unanswered questions, the very best that could have been accomplished within the Committee in the legislative time left was to recommend for study. Rep. William L. Roberts for Commerce and Consumer Affairs.

Referred to the Committee on Commerce and Consumers Affairs for Interim Study.

VACATE

Rep. Townsend moved that the House vacate the reference of HBI 2023, relative to studying the requirement of reporting of well digging information to the state, to the Committee on Executive Departments and Administration, and re-refer the bill to the Committee on Resources, Recreation and Development.

Adopted.

VETO MESSAGE ON HB 568

To the Honorable members of the General Court

Pursuant to Article 44, Part 2 of the Constitution, I return House Bill 568 with my objections thereto noted.

This bill changes the current law regarding the designation of ski lifts and tramways. They are now considered in the same class as other improvements upon real estate such as buildings and homes. The bill exempts such improvements from the real property taxes.

It is unfair to the towns involved to take away this revenue base without providing for adequate replacement.

Sincerely,

Hugh J. Gallen, Governor

Question being notwithstanding the Governor's veto, shall HB 568 pass.

Reps. Mann, Clements and Lyons spoke in favor of the motion.

Rep. Dickinson spoke in favor of the motion and yielded to questions.

Rep. Wildreth spoke against the motion and yielded to questions.

Rep. Dearborn spoke against the motion.

VETO MESSAGE ON HB 133

To The Honorable Members of the General Court

Pursuant to Article 44, Part 2 of the Constitution, I return House Bill 133 with my objections thereto noted.

A comprehensive plan for district courts was passed in 1965. That provided for the gradual phase out of municipal courts. Adding courts piece-meal is against the clearly stated legislative intent.

There is a full-time district court bill now in interim study with House Judiciary. A new court should not be created until these studies are completed.

The present Pittsfield Judge will stay in office until 1986. Thus, there is no urgency in changing this from a municipal to a district court.

If the court does fold because of death or retirement, the present statute already says (Chapter 502-A:1 (XVI)), that the Concord District Court may hold sessions "elsewhere in said district as justice may require." If there is a real need for sessions to be held in Pittsfield they could do it under present law.

The case load from the three towns involved (Pittsfield, Epsom, and Chichester) does not justify it becoming a district court.

I believe it is unwise to change the current practice of referring proposals for additional District Courts to the Judicial Council for interim study and for the court facilities to be rated as "accredited - excellent" by the court accreditation commission.

Creation of the Pittsfield court would create a precedent for other towns to seek similar legislation. The Legislature wisely refused to allow the municipal courts of the towns of Seabrook, Canaan, Meredith and Tilton to become district courts. To single out Pittsfield for this unusual legislation is both unwise and unjust.

Sincerely,
Hugh J. Gallen, Governor

VETO MESSAGE ON HB 531

To The Honorable Members of the General Court

Pursuant to Article 44, Part 2 of the Constitution, I return House Bill 531 with my objections thereto noted.

House Bill 531 takes away the power of the Governor and Council to accept federal funds when the General Court is not in session.

I object to this unwarranted dilution of the Constitutional responsibilities of the Governor and Council.

A fundamental lesson of government which we learn early in our lives is that the Legislature makes the laws and the Executive carries them out. This legislation puts the Legislature in the position of carrying out a law which it passes.

This legislation is not needed.

The plain fact is that your Governor and Council cannot obligate one cent which the Legislature does not lawfully choose to appropriate.

This Bill is particularly inappropriate in view of your recent action in passing House Bill 161 which gives selectmen of towns the same power which is stripped from your Governor and Council by House Bill 531.

House Bill 161, which is now law, allows towns to empower selectmen to "apply for, accept and expend without further action by the town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year."

Indeed, until such a vote of the next town meeting, each board of selectmen in this State now has this power which House Bill 531 takes from your Governor and Council.

My predecessor vetoed similar legislation. In doing so he said, "The matter of federal funds should be handled during the interim period between legislative sessions, as it now is, by Governor and Council."

I ask you to reconsider your action and to respect the integrity of the separation

of powers between the Legislature and Executive under the Constitution by voting to uphold the action I have taken in returning this legislation to you with my objections.

Sincerely,
Hugh J. Gallen, Governor

Question being notwithstanding the Governor's veto, shall HB 531 pass.

VETO MESSAGE ON HB 817

To the Honorable members of the General Court

Pursuant to Article 44, Part 2 of the Constitution, I return House Bill 817 with my objections thereto noted.

This bill changes the current law regarding the responsibility of cities and towns to insure that real property within their jurisdiction is assessed equitably. Currently, such equity is maintained

primarily through periodic assessments of such property. Present law assigns the financial obligation for the costs of such assessments or reassessments of taxable real estate to the city or town. I believe this to be a proper assignment of responsibility.

The provisions of HB 817 create a disincentive for communities, upon their own initiative, to undertake local reassessments. Instead, this bill would induce towns and cities to do nothing with respect to reassessments but rather wait until required to do so by the Department of Revenue Administration. HB 817 would award such inaction by requiring the state treasury to pay for such an assessment or reassessment. Such an expense should not be borne by the state, nor can the state treasury absorb such an expense. The bill carries no appropriation.

Further, HB 817 proposes a change in the appeal procedure that would assign a substantial burden to the superior court by allowing an appeal from the tax commission to the superior court. Presently an appeal can be taken only to the tax commission or the superior court. This would transfer responsibility to a court already faced with an enormous backlog of cases.

For these reasons, I do not believe the provisions of HB 817 are in the best interests of the state.

Sincerely,

Hugh J. Gallen, Governor

Question being notwithstanding the Governor's veto, shall HB 817 pass.

Conference of State Legislatures.

WHEREAS, House Speaker George B. Roberts, Jr. has, since the creation of the

National Conference of State Legislatures in 1975, actively involved himself in the development of that national organization, serving during the past five years as Chairman of the Task Force on Government Operations, as a member of the Resolutions Committee, Professional Development Committee, Policy Impact Committee, Federal-State Assembly Steering Committee, as well as currently serving as President-elect of the National Conference, and

WHEREAS, the National Conference has set as its primary objectives the improved effectiveness of state legislatures and the establishment of a strong cohesive voice for state legislatures in the federal decision-making process, and

WHEREAS, the efforts of the New Hampshire Legislature to assume its full authority both in relation to the federal government and the two other branches of our state government have been augmented by NCSL sponsored programs that have included seminars and workshops on subjects that have addressed many of the major concerns before this legislature, and

WHEREAS, Speaker Roberts' desire for a continually improving and increasingly effective state legislature, his belief that state legislatures must assume a viable role in determining public policy both at state and federal level, and his longstanding participation in NCSL will be fully recognized when he assumes the Presidency of the National Conference of State Legislatures in August of this year, now therefore be it

RESOLVED, that the House of Representatives congratulates Speaker Roberts on this most worthy achievement and extends its best wishes to the National Conference of State Legislatures and its new President for a successful year to come.

Rep. Gosselin addressed the House under unanimous consent.

LET'S GET RID OF "THE GIRL"

Wouldn't 1979 be a great year to take one giant step forward for womankind and get rid of "the girl?"

Your attorney says "If I'm not here just leave it with the girl."

The purchasing agent says, "Drop off your bid with the girl."

A manager says, "My girl will get back to your girl."

What girl?

Do they mean Miss Rose?

Do they mean Ms. Torres?

Do they mean Mrs. McCullough?

Do they mean Joy Jackson?

"The girl" is certainly a woman when she's out of her teens.

Like you, she has a name.

Use it. (Wall Street Journal)

Rep. Woodman moved that Rep. Gosselin's remarks be printed in the Journal.

Adopted.
